SUMMARY

Full Stack Developer with hands-on experience in ASP.NET Zero (ASP.NET Core, ABP Framework) and Angular, recognized in multiple startup competitions. Currently learning AI automation and n8n to build smarter, more efficient systems. Passionate about content creation, technology, and continuous learning. Seeking an opportunity to enhance my skills and contribute to a company's growth and innovation goals.

WORK EXPERIENCE

Full Stack Junior Software Developer at Brigada Group of Companies   **2025- PRESENT**
- Develop, maintain, and enhance full-stack web applications using ASP.NET Core for the back-end and Angular for the front-end.
- Collaborate with team members to design and implement user-friendly, responsive, and scalable solutions that align with company requirements.

2023-2025
Freelance Web Developer
- Built responsive websites using HTML, CSS, JavaScript, PHP, and MySQL, ensuring functionality and clean design.
- Assisted students in implementing their capstone and thesis systems, including database design, UI prototyping, and system debugging.

Sales Consultant at Seth Digital Marketing Services   **Jan 2023 - March 2025**
- Worked part-time as a Sales Consultant at Seth Digital, where I promoted and sold Converge ICT internet plans and services.
- Engaged clients through phone calls and social media messaging, responding to inquiries and processing service requests.

SPES(Special Program for Employment of Students)   **2022 -2024**
- Assigned to various offices, including Sangguniang Bayan and Municipal Agriculture Office.
- Assisted with documentation, report preparation, and basic office tasks.
- Participated in the layout and design team for the T'nalak Festival's "Bahay Kubo" Competition and helped the team win the championship.

Teller at Pitmaster Live   **2021- 2022**
- Managed customer inquiries and processed bets with accuracy.
- Ensured transactions were properly logged and encoded into the system in a fast-paced environment.
